Independent Auditor's Report

To the Board of Trustees
Carnegie Library of Pittsburgh
Pittsburgh, Pennsylvania

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Carnegie Library of Pittsburgh (the "Library") and affiliate, which comprise the consolidated statements of financial position as of December 31, 2025 and 2024, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial positions of the Library and affiliate, as of December 31, 2025 and 2024, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Library, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for one year after the date that the consolidated financial statements are issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

1. Organization

The Carnegie Library of Pittsburgh (Library) is a public trust established in 1895 for the benefit of the citizens of Western Pennsylvania. As a free public library, the Library provides collections, programs, and services through a network of twenty-one (21) locations, including the Main Library, Library of Accessible Media for Pennsylvanians (LAMP), and Allegheny County Law Library (ACLL), all of which are public service outlets, and the Library Support Center in the West End, which is not a public service outlet. In July 2023, the Library entered into a management agreement with Allegheny County to oversee the operations of the ACLL.

The Library is an organization described under Section 501(c)(3) of the Internal Revenue Code (IRC) and is, therefore, exempt from taxation under Section 501(a) of the IRC. Additionally, the Library is classified as an organization which is not a private foundation according to the Internal Revenue Code. As a not-for-profit public trust, the Library is required to file federal information returns annually with the Internal Revenue Service.

A significant portion of the Library's funds are received from governmental agencies that annually appropriate funds designated for the Library.

The Library has a cooperation and support agreement with Allegheny Regional Asset District (District) for the purposes of supporting and financing the activities of the Library and providing for oversight of efficient operation of the Library. Provided the Library complies with the requirements of the agreement, the District covenants to provide funds of at least $15,752,000 to the Library annually through the year 2029. The District renews agreements with its contractual assets every five years. In 2002, this agreement was amended in connection with the issuance of bonds. Under this amendment, the District has committed to allocate $1,000,000 of the annual grant to the Library for payment of debt service on the bonds through 2027. This agreement was reaffirmed in 2010 and again in 2021 with the issuance of the new bonds. The District may also provide support to the Library for special projects.

The Library also has support agreements with the Commonwealth of Pennsylvania for annual library operations and for capital renovation and construction reimbursement. Other Commonwealth revenue sources include table games revenue as authorized by Senate Bill 711 of 2009.

The Library receives a 0.25 mill property tax levy from the residents of the City of Pittsburgh. The proceeds are to be used exclusively for the operation and maintenance of the Library. Tax revenue recognized for 2025 and 2024 amounted to approximately $4.61 million and $4.31 million, respectively.

2. Summary of Significant Accounting Policies

A summary of significant accounting policies consistently followed by management in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Revenues are recognized as they are earned, and expenses are recorded when liabilities are incurred.

Reporting Entity

The financial statements include the accounts of the Library and the Jack G. Buncher Charitable Fund for the Carnegie Library of Pittsburgh (Fund). The Fund is a supporting organization of the Library and had total assets of $11,218,119 and $11,022,284, and total revenue and unrealized gains/(losses) of $1,495,835 and $1,346,554 as of December 31, 2025 and 2024, respectively. All interrelated transactions and accounts are eliminated.

Basis of Presentation

The Library reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets with donor restrictions and net assets without donor restrictions.

Net assets without donor restrictions are composed of expendable resources used to support the Library's core activities and all other resources not included in the below categories. Donor-restricted contributions that are received on a reimbursement basis and, therefore, by their nature must have their restrictions met in the same reporting period, are classified as support without donor restrictions. Restricted contributions that are received and spent within the reporting year are treated as net assets without restrictions. Donor-restricted resources intended for capital projects are released and reclassified as support without donor restrictions when the related assets are capitalized. All expenses are recorded as a reduction

to net assets without donor restrictions. Certain net assets without restrictions have been designated for funding of future capital maintenance and Library programs. A substantial portion of the net assets without restrictions are not readily available for general organization purposes. Included in the net asset figure without restrictions is the net asset that represents buildings and equipment, net of related debt. Net assets with restrictions carry restrictions that expire upon the passage of a prescribed period of time or upon the occurrence of a stated event as specified by the donor. Included in this category are gifts held by the Library pending their use in accordance with donor stipulations, unexpended donor gifts for capital projects, pledges, certain split-interest agreements, and term endowments.

Some net assets with restrictions are to be held in perpetuity by the Library, including certain gifts of endowment and split-interest agreements. Investment earnings on the related assets are classified based on donor restrictions or Pennsylvania Law.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Investments and Investment Return

Investments are carried at fair value as outlined in Note 6. Gains and losses from the sale of investments are determined by the average cost method.

Investment fees amounted to $157,330 and $100,914 for the years ended December 31, 2025 and 2024, respectively. Investment returns not designated for operations are included in the statements of activities as non-operating gains (losses). For its endowment, the Library follows a spending policy as outlined in Note 7. The Library also complies with PA State Act 141 of 1998, which requires a minimum endowment draw of 2% and a maximum draw of 7%. Library policy authorizes a draw of up to 5%.

Split-Interest Agreements

The Library is the beneficiary of the income from certain irrevocable trust funds held by bank trustees. The fair value of the Library's share of the trusts is included in the statements of

financial position as an asset and as net assets with donor restrictions based upon the nature of the trust. The income from the trusts is recorded upon receipt as either net assets with donor restrictions or without donor restrictions based on the designation by the donor. Income from such trust funds was $95,230 and $94,247 as of December 31, 2025 and 2024, respectively.

Cash and Cash Equivalents

The Library generally classifies all investments with maturities of three months or less, when purchased, to be cash equivalents other than any such investments included in the long-term investment or held for transfer to long-term investments. The Library maintains, at a financial institution, cash and cash equivalents that may exceed federally insured amounts at times. As of the December 31, 2025 and 2024, the balance that exceeded the FDIC limit was $2,149,440 and $2,352,255, respectively.

Liquidity and Availability of Financial Assets

The following reflects the Library's financial assets as of the statement of financial position date (December 31, 2025 and 2024), reduced by amounts not available for general use within one year because of contractual or donor-imposed restrictions or internal designations. Amounts available include the Board-approved draw from the endowment for the following year, as well as amounts that are available for general expenditure in the following year. The Library is partially supported by restricted contributions, and because a donor's restriction requires resources to be used in a particular manner or in a future period, the Library must maintain sufficient resources to meet those responsibilities to its donors. Therefore, financial assets may not be available for general expenditure within one year.

The Library invests cash in excess of daily requirements in various short-term investments, including certificate of deposit and short-term Treasury instruments. To help manage unanticipated liquidity needs, the Library has a committed line of credit (Note 13) in the amount of $5 million which it could draw upon in such an event. Additionally, the Library has a quasi-endowment and operating reserve. Although the Library does not intend to spend from its quasi-endowment other than draw amounts for general expenditure based on the Board approval, amounts could be made available if necessary.

	December 31, 2025	December 31, 2024
Cash and cash equivalents - operating	$ 13,422,820	$ 14,431,070
Accounts and interest receivable	523,679	699,796
Contribution receivable	160,500	-
Appropriation of investments for current use	1,177,638	725,588
Less: Donor restrictions for specific purposes or cash restricted for specific uses	(8,261,848)	(9,166,558)
Less: Board-designated operating reserves	(70,000)	-
Financial assets available to meet cash needs for general expenditure within one year	$ 6,952,789	$ 6,689,896

Other Receivables

Pledge and Other Receivable include receivables from government grants, support agreements, and other items. For the year ending December 31, 2025, other receivables of $1.57 million are comprised of $955,000 from the Office of Commonwealth Libraries (OCL), $316,000 in outstanding amounts due for special library tax, and $300,000 for various ongoing operational receivables and one-time grants. For the year ending December 31, 2024, other receivables of $2.08 million are comprised of $1.3 million from the OCL, $307,000 in outstanding amounts due for special library tax, and $646,000 for various ongoing operational receivables and one-time grants.

The allowance estimate is derived from review of the Library's historical losses based on the aging of receivables. This estimate is adjusted for management's assessment of current economic conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant by the Library. Management believes historical loss information is a reasonable starting point in which to calculate the expected allowance for credit losses as the Library's composition of receivable has remained constant since the Library's inception. The Library had $39,421 and $41,488 of allowance for credit losses as of December 31, 2025 and 2024, respectively.

Management writes off receivables when there is information that indicated the debtor is facing significant financial difficulty and there is no possibility of recovery. If any recoveries are made from any accounts previously written off, they will be recognized in income or an offset to credit loss expense in the year of recovery in accordance with the Library's

accounting policy election. There were no write-offs for the years ended December 31, 2025 and 2024.

Pledges Receivable

Pledges receivable are recorded as revenue when an unconditional promise to give is received or the condition has been fulfilled for a conditional promise to give. Pledges receivable are recorded at the present value of expected net proceeds ultimately payable to the Library. Pledges receivable are adjusted annually and are reflected in the statements of activities as Fundraising - private.

Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

Buildings and Equipment

Buildings and equipment are stated at cost when purchased or at fair value when donated. Major improvements and betterments greater than $2,500 are capitalized. Items under the $2,500 capitalization threshold as well as costs of maintenance and repairs that do not extend the estimated useful lives of the applicable assets are charged to expense as incurred. When buildings and equipment are retired, or otherwise disposed of, the asset and the related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in operations.

Depreciation of property and equipment is calculated over the estimated useful lives of the assets of three to thirty-five years and is computed on the straight-line method.

Collections

Circulating Collections – The circulating collections (materials including books, periodicals, audio visual, etc.) are not recognized as assets in the statements of financial position. Purchases of collection items are expensed and recorded as a decrease in net assets without donor restrictions in the year in which the items are acquired (of which approximately $6.1 million in 2025 and $6.0 million in 2024). Guidance followed for the treatment of expensing collections when purchased is subtopic 958.360 of the Accounting Standards Codification. Proceeds from the sale of circulating collection items would be used to acquire other collection items.

Special Collections – The Library's special collections were primarily acquired through contributions since the Library's inception. Special collections is defined as any current or future special/permanent/historical collection item, including but not limited to rare books, manuscripts, archival holdings, and photographs housed in the Oliver Room or other secure spaces. Special collection items are not recognized as an asset on the statements of financial position. Purchases of new special collection items (none in 2025 and 2024) would be recorded as a decrease in net assets without donor restrictions in the year the items were acquired, or as a decrease to net assets with donor restrictions if the assets used to purchase collections were restricted by donors.

All special collections are subject to appropriate stewardship measures (catalogued, preserved, secured, and cared for as appropriate, finding aids created, and activities verifying their existence and assessing their condition).

The Library's policy is that proceeds from the sale of special collection items, or insurance recoveries on the loss of special collection items would be used to purchase suitable new special collection items or used for direct care of the special collection. Direct care for the Library's special collections is defined as expenses to enhance the life, usefulness and quality of the item, that are based on an institutional plan for the special collection. The policy is based upon the Financial Accounting Standards Board's (FASB) Accounting Standards Updates (ASU) 2019-03, the American Alliance of Museum (AAM's) ethics, guidelines, and recommendation for direct care as well as legal guidance.

Proceeds from the sale of collections or insurance recoveries (of which there was $0 in 2025 and 2024) would be reflected as revenue resulting in an increase in net assets with donor restrictions.

Expense Allocation

The costs of providing the activities of the Library are presented on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and support services benefited. Allocations among the classifications are performed using a variety of techniques, such as management's identification of indirect costs and budgeted time and effort.

Contributed Nonfinancial Assets

No amounts have been reflected in the financial statements for donated services. The Library pays for all significant services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Library with various programs. In 2025, over 189 volunteers contributed 7,530 hours of service. In 2024, over 163 volunteers contributed 10,297 hours of service.

Operating Activities

For purposes of the statements of activities, the Library distinguishes between operating revenue, support, gains, and expenses and nonoperating revenue, support, gains, and expenses. The Library treats as operating revenue and support and operating expenses all revenues and expenses that are an integral part of its programs and supporting activities, including investment return designated for current operations. All other activity is nonoperating support, revenues, and gains.

Pending Accounting Standards Updates

There are no new currently issued standards that are expected to have a material impact on the Library's financial statements.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

Reclassifications

Certain amounts presented in the prior year have been reclassified in order to be consistent with the current year's presentation.

3. Pledges Receivable

Pledges are recorded in the accompanying financial statements at net present value using discount factors ranging from 3.47% and 3.64% and are expected to be received as follows:

Years ending December 31	Amount
2026	$ 271,497
Current portion	271,497
2027	84,500
2028	2,000
2029	2,000
Non-current portion	88,500
Less - amount representing discount	(6,038)
	$ 353,959

The Library's estimate of an allowance for uncollectible pledges is based on historical collection experience and a review of the current status of the pledges. The Library's estimated allowance resulted in an insignificant amount recorded to the financial statements. Decisions to charge off uncollectible pledges are based on management's judgment after consideration of facts and circumstances surrounding potential uncollectible accounts. It is reasonably possible that the Library's estimate of an allowance for uncollectible pledges will change.

At the beginning of 2025, the Library held $180,000 in a conditional promise to give. The Library met conditions and received and recognized payment of $30,000 as revenue on the statement of activities in 2025. New conditional promises to give of $50,000 were made to the Library in 2025, all of which were outstanding at December 31, 2025. The outstanding balance of the conditional promise to give was $200,000 at December 31, 2025. Of that total, $80,000 is expected to be fulfilled in 2026.

At the beginning of 2024, the Library held $210,000 in conditional promises to give. The Library met conditions and received and recognized payment of $30,000 as revenue on the statement of activities during 2024. No new conditional promises to give were made to the Library in 2024. The outstanding balance of the conditional promise to give was $180,000 at December 31, 2024.

4. Land, Buildings and Equipment

Land, buildings, and equipment at December 31, 2025 and 2024 consist of the following:

	2025	2024
Capital assets:		
Not being depreciated:		
Land	$ 891,298	$ 891,298
Construction in progress	89,557	164,202
Total not being depreciated	980,855	1,055,500
Being depreciated:		
Building and building improvements	90,143,059	86,906,272
Leasehold improvements	5,010,594	5,010,594
Equipment	7,816,861	7,752,652
Vehicles	763,570	648,754
Total being depreciated	103,734,084	100,318,272
Less: accumulated depreciation	(48,678,902)	(45,822,790)
Net being depreciated	55,055,182	54,495,482
Total capital assets, net of depreciation	$ 56,036,037	$ 55,550,982

Beginning in 2002 and continuing beyond December 31, 2025, the Library is undergoing a series of renovations of certain buildings. The Library also performs ongoing capital maintenance at all locations. As of December 31, 2025, the Library did not have any remaining construction commitments. As of December 31, 2024, $18,412 remained committed under contracts related to these activities. No net interest costs were capitalized for 2025 and 2024.

Included in building and building improvements are properties received in 2003 through a donation from the City of Pittsburgh (City) for six locations. The fair value of these buildings as of December 31, 2025 and 2024 was $1,740,000, and was offset by an original contribution. Any change in use, termination of use, or sale of these properties is subject to approval by City Council.

5. Investments

Long-term investments consist of an operating reserve fund, capital replacement fund, endowment fund, private company stock, and split interest agreements at December 31, 2025 and 2024.

The total returns on long-term investments, cash equivalents, and the insurance proceeds restricted to collection items not capitalized for the year ended December 31, 2025, are summarized as follows:

	2025		
	Without Donor Restrictions	With Donor Restrictions	Total
Interest on cash and cash equivalents	$ 547,658	$ 23,185	$ 570,843
Interest and dividend income	948,789	1,550,357	2,499,146
Investment fees	(85,058)	(72,272)	(157,330)
Net realized gain (loss)	315,102	358,204	673,306

Investment gain (loss) recognized	$ 2,886,479	$ 2,947,649	$ 5,834,128

The total returns on long-term investments, cash equivalents, and the insurance proceeds restricted to collection items not capitalized for the year ended December 31, 2024, are summarized as follows:

	2024		
	Without Donor Restrictions	With Donor Restrictions	Total
Interest on cash and cash equivalents	$ 990,009	$ 34,165	$ 1,024,174
Interest and dividend income	610,767	1,318,226	1,928,993
Investment fees	(50,465)	(50,449)	(100,914)
Net realized gain (loss)	335,907	400,756	736,663
Unrealized gain (loss)	1,262,818	2,521,267	3,784,085
Return on investments, net	3,149,036	4,223,965	7,373,001
Less: Investment return designated for current operations	(1,286,530)	(964,947)	(2,251,477)
Less: Investment return related to proceeds from special collection insurance recovery (Note 10)	-	(680,560)	(680,560)
Investment gain (loss) recognized	$ 1,862,506	$ 2,578,458	$ 4,440,964

The Library's investments are subject to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with these instruments, it is reasonably possible that changes in the values of these instruments will occur in the near-term, and that such changes could materially affect the amounts reported in the financial statements.

6. Fair Value Measurement

The Library determines fair value of investments and other assets using a three-tier hierarchy of valuation inputs, breaking them down into Level 1, Level 2, and Level 3. These assets include an operating reserve fund, a capital replacement fund, and endowment fund, private company stock, and split-interest agreements. The total fair value of the assets as of December 31, 2025 and 2024, respectively, is $68,727,176 and $62,014,566.

Fair values of assets measured on a recurring basis as of December 31, 2025:

Investments at fair value	$ 62,014,566	$ 49,798,621	$ -	$ 12,215,945

Fair values for Level 1 financial instruments are determined by quoted prices in the active market for identical financial instruments. Fair values for Level 2 financial instruments are determined by other significant observable inputs (quoted prices for similar financial instruments, interest rates, prepayment speeds, credit risk, etc.). Fair values for Level 3 financial instruments are determined by significant unobservable inputs, including the Library's own assumptions in determining the fair value of financial instruments. Since the split-interest agreements and private company stock have no significant observable inputs, they are classified at Level 3. The input used by the Library to measure the value of the split interest agreements is the market value from the bank trust statements. The input used by the Library to measure the value of the private company stock is a third-party FMV appraisal report conducted under valuation services section 100 of the AICPA, net of a discount of 25% for lack of marketability and 5% for lack of control assessed by a third-party consultant. A discount for lack of marketability is applied to take into account the lack of a readily available

market to liquidate the shares held. A discount for lack of control is applied to acknowledge the inability to control management or decision making of the private company.

The Library's operating reserve fund, capital replacement fund, and endowment are directly invested in the market and are classified at Level 1. The funds are redeemable on a daily basis.

The Library's operating reserve fund, capital replacement fund, and endowment investments seek to achieve a total return (price appreciation plus dividends and interest income) that exceeds inflation plus 5% per annum through a globally diversified portfolio. Such diversification is designed to provide some downside protection and to potentially enhance long-term total return.

The asset mix is designed not to outperform the best-performing asset class in any given year but rather to produce satisfactory real returns over time periods appropriate to perpetual life charities. Tactical rebalancing may periodically occur to take advantage of perceived market opportunities and/or to return the portfolio towards policy weights.

The following summarizes the changes in fair values associated with Level 3 investments, which include the private company stock and split-interest agreements:

	2025	2024
Balance as of January 1	$ 12,215,945	$ 12,061,456
Change in fair value (Nonoperating Gains/(Losses)) - stock	220,650	69,990
Change in fair value (Nonoperating Gains/(Losses)) - split interest agreements	112,327	84,499
Balance as of December 31	$ 12,548,922	$ 12,215,945

7. Endowment Disclosures

The Library's endowment was established for a variety of purposes, including for the purchase of library materials, programming, or operating purposes without donor restrictions. The endowment includes both donor-restricted endowment funds and funds without donor restrictions designated by the Board to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Library has interpreted Pennsylvania State Act 141 of 1998 (Act) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Library classifies as net assets with donor restrictions held in perpetuity (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund and investment income in excess of amounts designated for current operations and losses up to the extent of accumulated gains. The remaining portion of the donor-restricted endowment fund that is not classified in net assets with donor restrictions held in perpetuity is classified as net assets with donor restrictions held for a certain time/purpose until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by the Act.

Endowment net asset composition by type of fund as of December 31, 2025:

Board-Designated Without Donor Restrictions	With Donor Restrictions	Total

Not included in the figures above, but restricted for transfer from cash to the endowment, are $62,843 and $53,524 in 2025 and 2024, respectively.

From time to time, net assets with donor restrictions to be held in perpetuity may have fair value less than the amount required to be maintained by donors or by law (underwater endowments). At December 31, 2025, there were no funds underwater. At December 31, 2024, funds with an original gift value of $12,500, fair value of $12,118, and a deficiency of $382 were reported in net assets with donor restrictions.

Return Objectives and Risk Parameters

Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s), as well as board-designated funds. The Library has adopted policies and guidelines for endowment and restricted funds.

To satisfy its long-term rate-of-return objectives, the Library relies on returns in excess of the rate of inflation. The Library targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The Library has a policy of appropriating, for distribution each year, between 2% and 5% of the average market value of the endowment fund balance at the end of the 12 calendar quarters that precede the calendar year being budgeted. The presumption is that, over the course of multiple years, the average investment returns will equal or exceed 5% per annum and that the endowment will meet the objective of providing ongoing financial support to the Library.

8. Net Assets

With Donor Restrictions

Total net assets with donor restrictions are $45,103,664 and $42,040,439 at December 31, 2025 and 2024, respectively and consist of assets with purpose or time restriction and assets held in perpetuity.

	2025	2024
Net assets with purpose/time restriction	$ 17,090,678	$ 16,717,989
Net assets held in perpetuity	28,012,986	25,322,450
Total net assets with donor restrictions	$ 45,103,664	$ 42,040,439

Net assets with purpose or time restrictions at December 31, 2025 and 2024 of $17,090,678 and $16,717,989, respectively, are available for use by the Main Library and branches for capital improvements, the purchase and care of special collections (approximately $7.6 million and $7.0 million at December 31, 2025 and 2024, respectively) and a variety of other donor-imposed purposes and time periods.

Net assets of $28,012,986 and $25,322,450 were held in perpetuity at December 31, 2025 and 2024, respectively. The following composition of the net asset class indicates how the income is to be expended:

	2025	2024
Collection development/programming	$ 21,440,040	$ 19,437,459
Any library purpose	6,572,946	5,884,991
	$ 28,012,986	$ 25,322,450

Without Donor Restrictions:

The board-designated net assets without donor restrictions are designated for operating reserves, endowment, and other initiatives. Net assets without donor restriction are comprised of the following at December 31:

	2025	2024
Board-designated	$ 29,251,535	$ 26,077,025
Undesignated	73,702,027	73,282,819
Total	$ 102,953,562	$ 99,359,844

9. Net Assets Released from Restrictions

Net assets totaling $8,107,803 and $6,088,660 were released from donor restrictions for the years ended December 31, 2025 and 2024, respectively, by incurring expenses that satisfy the restricted purposes or by occurrence of events specified by the donors.

Net assets of $7,971,313 and $6,060,170 were released from restrictions on operating activity for the years ended December 31, 2025 and 2024, respectively.

Net assets of $136,490 and $28,490 were released from restrictions on capital activity for the years ended December 31, 2025 and 2024, respectively.

10. Insurance Proceeds Restricted to Collection Items not Capitalized

Other assets of $7,616,183 and $7,030,489 on the statements of financial position for the years ended December 31, 2025 and 2024, respectively, consist of insurance proceeds related to a theft of some of the Library's special collections which was discovered in 2017. These funds are also comprised of interest earnings and realized/unrealized gains/losses thereon. These funds are invested in an external investment pool. The funds are directly reinvested in the market, with an asset mix of equities and fixed income within the portfolio, following policy weights as permitted by the investment policy. The funds are redeemable on a daily basis. Funds in the amount of $278,265 and $276,761 for the years ended December 31, 2025 and 2024, respectively, have been drawn from this investment for allowable expenses pursuant to the Library's direct care policy. The investment gain/(loss) on insurance proceeds restricted to collection items not capitalized was $863,959 and $680,101 for the years ended December 31, 2025 and 2024, respectively.

11. Retirement Plan

The Library sponsors a defined contribution retirement plan, which is offered through a third-party financial services organization. The plan is a 403(b) tax sheltered annuity plan covering all eligible employees. The 403(b) plan is open to all employees and offers an employer matching contribution to eligible employees. Eligible employees for the employer matching include those who have attained age 21, have completed 12 consecutive months of service and have worked at least 1,000 hours during the plan year. Since 2010, the employer matching contribution is 120% of employee contributions up to 5% of the employee's compensation. Employer contributions of approximately $901,000 and $850,000 were made to the plan for the years ended December 31, 2025 and 2024, respectively.

12. Leases

The Library has historically entered into a number of lease arrangements under which they are the lessee. FASB ASU 2016-02 requires lessees to report a right-of-use (ROU) asset and a liability for financing and operating leases. The Library is party to three contracts that require this accounting treatment as of December 31, 2025 and 2024.

One contract is treated as a finance lease which is for copiers for the years ending December 31, 2025 and 2024. The short-term lease practical expedient has been elected related to certain other similar contracts.

Two other contracts are considered operating leases. Specifically, of the Library's 20 public service locations, only two were subject to operating leases in 2025 and 2024. Both of the Library's space rental leases includes multiple optional renewal periods. For these leases, the Library does not consider any additional renewal periods to be reasonably certain of being exercised, as comparable locations could generally be identified within the same trade areas for comparable lease rates.

All of the Library's leases include fixed rental payments.

The Library recognized rent expense associated with its leases as of December 31:

	2025	2024
Operating lease cost:		
Fixed rent expense	$ 426,967	$ 424,494
Finance lease cost:		
Amortization of right-of-use asset	17,983	151,807
Interest expense	2,802	1,488
Short term lease expense	453,403	448,024
Net lease cost	$ 901,155	$ 1,025,813

During the years ended December 31, 2025 and 2024, the Library had the following cash and non-cash activities associated with its leases:

	2025	2024
Cash paid for amounts included in the measurement of lease liabilities:		
Operating cash flows for operating leases	$ 426,967	$ 424,494
Financing cash flows for financing leases (principal and interest)	19,740	153,157
Total cash paid	$ 446,707	$ 577,651

There were no noncash investing and financing activities resulting from additions to ROU assets for operating leases as of December 31, 2025 and 2024. The noncash investing and financing activities resulting from additions to ROU assets for financing leases was $0 and $89,917, as of December 31, 2025 and 2024, respectively.

The future payments due under operating and financing leases as of December 31, 2025 are as follows:

Years Ending December 31	Operating	Financing
2026	$ 446,805	$ 19,740
2027	452,934	19,740
2028	455,724	19,740
2029	413,980	11,515
2030	383,320	-
Thereafter	2,084,090	-
	4,236,853	70,735
Less effects of discounting	(63,806)	(4,623)
Lease liabilities recognized	$ 4,173,047	$ 66,112
Current	$ 432,068	$ 17,574
Long-term	$ 3,740,979	$ 48,538

As of December 31, 2025 and 2024, the weighted-average remaining lease term for all operating leases is 9.79 years and 10.74 years, respectively, while the weighted-average remaining lease term for all finance leases is 3.58 years and 4.58 years, respectively.

Because the Library does not have access to the rate implicit in the lease, it utilizes the US Treasury rate as the incremental borrowing rate. The weighted average discount rate associated with operating leases as of December 31, 2025 and 2024 is 0.50% and 0.53%, respectively, while the weighted-average discount rate associated with finance leases is 3.72% for 2025 and 2024.

13. Line of Credit

The Library has a $5,000,000 revolving line of credit for working capital purposes that is secured by existing and future revenues which expires on October 31, 2026. Amounts outstanding under the line of credit bear interest at a rate per annum which is equal to the sum of the Daily SOFR Rate plus 100 basis points. The Library did not draw from the line during 2025 or 2024 and had no outstanding balance on the line at December 31, 2025 and 2024.

14. Debt

Bonds Payable

On November 26, 2002, the Library issued $14,510,000 in fixed-rate bonds at rates ranging from 2.5% to 5.0% pursuant to a loan agreement with the Allegheny County Industrial Development Authority. The bond proceeds, net of bond issuance costs, were deposited into a project fund to be used for construction and renovation projects at various Library branches, as well as the Main Library.

On August 10, 2010, the Library issued $12,515,000 of Allegheny County Industrial Development Authority Regional Asset District Sales Tax Revenue Bonds, Series of 2010 with fixed-rates ranging from 0.8% to 4.375%. The amount was sufficient to refund the 2002 Revenue Bonds, pay the expenses of the bond issue, and provide proceeds of approximately $500,000 for an existing capital project.

On July 22, 2021, the Library issued $5,610,000 of Allegheny County Industrial Development Authority Regional Asset District Sales Tax Revenue Bonds, Series of 2021 at an aggregate purchase price of $6,196,632, representing the aggregate principal amount of the bonds, plus original issuance premium of $609,072 and less discount of $22,400. The amount was

sufficient to refund the 2010 Revenue Bonds, pay the expenses of the bond issue, and provide proceeds of approximately $573,000 for an existing capital project. Debt service for the 2021 bonds remains essentially the same as under the 2010 bonds. The fixed-rate bonds are at rates ranging from 3.0% to 4.0%

Annual bond principal and interest payments of $1,000,000 will be made with dedicated funds received from the District. The Allegheny Regional Asset District Cooperation and Support Agreement for the Carnegie Library of Pittsburgh between the Library, the District, the City, and the County of Allegheny provides for direct payment of these bond payments to the bond trustee and provides security for the Library's obligations under the loan agreement through 2027.

The Library has $46,501 and $69,751 of unamortized bond issuance costs, for the years ended December 31, 2025 and 2024, respectively. The Library has $310,563 and $426,620 of unamortized bond issuance premium for the year ended December 31, 2025 and 2024, respectively. The bonds payable are shown net of unamortized bond issuance cost and unamortized bond issuance premium.

A summary of future payment requirements on the bonds is as follows:

Years Ending December 31	Interest Rate	Amount
2026	4.000%	$ 930,000
2027	4.000%	970,000
		1,900,000
Less: unamortized bond issuance costs		(46,501)
Add: unamortized bond issuance premium		310,563
Total bonds payable		2,164,062
Less: bonds payable, current		930,000
Bonds payable, non-current		$ 1,234,062

15. Related Party Transactions

The Electronic Information Network (d/b/a eiNetwork) maintains and manages the electronic information computer network that holds a shared online catalog and reference materials. The eiNetwork manages the network for all public libraries in Allegheny County, including Carnegie Library of Pittsburgh, and hosts and administers Internet services, the library circulation system, the library staff email system, and other public access computer systems. The eiNetwork also manages the leasing and replacement of personal computers to organizations within the network.

The eiNetwork is a non-profit, member corporation with two members that are both contractual assets of RAD. The corporation members are the Allegheny County Library Association (ACLA) and Carnegie Library of Pittsburgh. The Library makes payments to eiNetwork for computers and other equipment, which were $154,512 and $266,157 for the years ended December 31, 2025 and 2024, respectively. The eiNetwork also reimbursed the Library for expenses totaling $38,731 and $35,884 for the years ended December 31, 2025 and 2024, respectively.
